

# Consultation response checklist

Research cut-off: 21 September 2026. Independent editorial checklist; not an official consultation form or legal advice.

## Before submitting

- ☐ Find the live official proposal and confirm the exact deadline and submission channel.
- ☐ Check whether this is an initial consultation or the formal statutory representation period.
- ☐ Read the full proposal, options appraisal and supporting evidence.
- ☐ Keep a copy of your response and seek an acknowledgement.
- ☐ State your own position and desired outcome. Do you seek retention of the existing school, teaching on the site, or another specific arrangement?

## Build a concise case

- ☐ **1. A deliverable alternative**  
Ask for an options appraisal comparing realistic arrangements, including smaller intake, shared leadership or appropriate shared use. Identify partners, commitments and a three-year budget, with sensitivity to pupil numbers.
- ☐ **2. Local demand**  
Ask for the latest local forecast, actual admissions by cohort and forecast accuracy. Reconcile dated housing assumptions and delivery timescales. Distinguish local evidence from borough totals.
- ☐ **3. Net closure savings**  
Ask which costs cease, which continue and which are newly incurred. Include private finance initiative (PFI) obligations, transition, redundancy, transport and future site use. Request the comparison on a consistent annual basis.
- ☐ **4. Pupil impacts**  
Ask for receiving capacity by year group, provision for special educational needs and disabilities (SEND), journey assessment, continuity, siblings and the equality analysis. Use anonymised examples publicly; share sensitive evidence only through an appropriate official channel.
- ☐ **5. The requested decision**  
Specify the change you seek and which evidence supports it. Make unresolved questions precise enough to be answered. If asking for more work before a decision, identify the missing assessment and explain how it could change the outcome.

# Write and submit your response

## Suggested response structure

- ☐ My connection to the school or area.
- ☐ My requested outcome.
- ☐ The strongest evidence, with document titles, dates and page references.
- ☐ A viable alternative or a precise request for additional appraisal.
- ☐ Specific pupil or community impacts.
- ☐ Questions that remain unanswered.
- ☐ A request for acknowledgement and a response to the substantive points.

A petition does not replace a formal consultation response or establish a veto.

## Keep your source details

Record each source's publisher, exact title, date, public URL and relevant page or paragraph. Label forecasts, claims by a publisher and your own analysis separately. Avoid sharing identifiable information about children.
